Creating Memories

That's what we're all about.

Whether we're working on a cool new design, adding an innovative feature, or squeezing in that extra bit of value, all we're thinking about is providing you with the ultimate boating experience that creates memories that will last a lifetime.

Visit us online

By visiting legendboats.com you'll be able to browse our lineup of fishing boats, deck boats, and pontoons, you'll have access to images, videos, pricing and all of the information you'll need before you even see the boat of your dreams in person.

Just call us

Did you know that the Legend Boats Headquarters is in Whitefish, Ontario? We have knowledgeable representatives available to answer your questions and direct you to your nearest Dealer. Call our toll free number, 1.800.461.4050 and start on the path to finding your new pontoon boat.

We do things a little differently.

Is Legend Canadian?

Yes. We are a Canadian company. We live and play where you do. We understand boating in the unique Canadian wilderness. It's different here, and that's why each and every model is designed by Canadians and built for Canadians. From thicker aluminum to full stand-up tops, we make sure that Mother Nature is no match for your Legend.

Are Legend boats built in Canada?

Yes and No. Our product developers seek out quality manufacturers throughout North America who can produce in the most cost effective way. By outsourcing component manufacturing and then performing all final assembly, sales, service, and warranty right here in Canada, we ensure that the end product is fit for the Great Canadian outdoors.

Are the printed catalogue prices MSRP?

No. The printed price is our hassle-free, lowest price. We provide it up front, so there's no need for uncomfortable negotiations. To top it off, aside from a small variance in freight, our low prices are the same across Canada. Now you can make an informed, easy, and no-pressure decision in the comfort of your own home.

It seems like everyone's warranty is pretty much the same. Is that the case?

Well, at first glance it appears that most companies are offering some sort of lifetime warranty, and it's easy to assume that all warranties are the same, but the devil is in the details. By details, we're talking about the fine print. Our **6 year WOWranty** combined with our **Lifetime** hull warranties give you the absolute best warranty coverage, bar none. Not only do we cover more stuff for longer, but the best part is that everything is taken care of right here in Canada.

Someone told me Legend boats are underpowered. Is that true?

No. You can actually power your boat with the engine of your choice. Each Legend boat model is designed and packaged with a Mercury motor large enough to get you and a friend on the water to experience the boating lifestyle with minimal investment. We understand that everyone's boating needs are different, and that the packaged motor may not suit your needs. That's why we make it easy to choose the perfect Mercury outboard to power all of your on-water activities. So, whether you want to troll all day, bring the kids tubing, cruise with your family or pull two water skiers, we'll help you select the engine that's just right.

Why do you only package your boats with Mercury outboards?

We partner exclusively with Mercury because of their proven quality, value, reliability, service and features. With the large number of clients we help onto the water each year in Canada, other outboard manufacturers would love us to package with their brand. Mercury appreciates our business so much, they offer us exclusive savings that we simply pass on to you. That's how we package with the oldest, largest, number one outboard engine brand at such an incredible price. On top of a great price, by purchasing a complete custom package you'll enjoy consistent performance and one-location servicing.

We give you the most standard equipment

We've outfitted our boats with more equipment for less. Things that you would have to pay thousands of dollars extra for with other brands are simply part of our value-packed models. Many of our Legend packages have standard features like Dura-deck vinyl floors, automatic bilge pumps, and a bunch of other great stuff that is optional in other brands. When it comes to value, we're proud to say that nobody compares. We have more equipment for less than any other brand!

You claim your quality is good but your prices are low. How is that possible?

You get what you pay for right? Well in most cases, yes. But at Legend, we never sacrifice quality in order to reduce cost. Our use of quality brand name products in our packages such as Shoreland'r trailers, MotorGuide trolling motors and Mercury outboards - the largest brands in boating - speak for themselves. To keep prices low, we build fewer models in higher volumes and package each model with the same popular features. By purchasing thousands of each component, such as full stand-up tops, fish finders and GPS, we can offer you unbelievably high quality at incredibly low prices. That's how we do it.

Why doesn't everyone put pricing in their catalogues?

That's a great question. We don't know. It could be because it takes a lot more work and effort to include all of the details required when you're sharing a price. Or, perhaps nobody else does it because they have something to hide. But we're only guessing. All we know is that we're so confident that we offer the absolute best value in Canada that we publish our complete, hassle-free, all-in pricing for all to see. You can find our prices in our full line brochure, on our extensive website and in all of our advertisements. We even print the pricing of our most popular options so you can "build" your own Legend. Nothing is hidden and it's all in Canadian dollars. We've done the work for you and given you our lowest price right up front.

Let us help you choose the motor that's right for you!

- 1 Decide on the performance you want and which activities interest you most: Fish, Cruise, Tube or Ski.
- 2 Each boat shows a list of motor choices with speeds, pricing and weekly payments.
- 3 Choose the motor that gives you the speed and performance you desire that overlaps the activities you want to enjoy.

CHOOSE YOUR POWER

Upgrade from a 90 ELPT 4-stroke to:

Speed tests were done with 2 persons, 50 pounds of gear and proper weight distribution. Actual performance may vary.

Are You All-In?

CANADA'S ONLY FULLY-PRICED CATALOGUE

In a world where we are bombarded with fees, surcharges and extras, wouldn't it be nice if a company would just tell us what it's going to cost up front? Legend Boats is that company. Our prices are All-In!

That's right! No administration fees. No hidden freight fees. No rigging fees. For over 35 years, our customers have enjoyed having boat package pricing at their fingertips so they could figure out what their perfect boat package was going to cost right down to the penny. Now, there's no more figuring out. With one simple upfront price, you choose your motor and any options you want, then simply add the taxes. We would have gotten rid of those too but we thought it may have been frowned upon. It really couldn't get any more simple, open, honest or transparent, and we hope you will enjoy our All-In Pricing.

Legendary Strength.

Legend .100 Gauge Hull

While most aluminum boat companies use .058 to .090 gauge thickness on comparable models, our .100 gauge hulls are up to 73% thicker! With a super-thick .100 Gauge seamless hull bottom, your Legend boat will last longer with no potential for centre-seam leaks. While our .100 Gauge hulls provide unmatched thickness, our use of 5052 H34 cold-rolled aluminum provides the best combination of flexibility and strength.

All-Welded Series Construction

All-Welded Series Transferable Warranty

Every Legend All Welded Series model carries our industry leading Leakproof for Life Warranty. It is remarkably simple: it covers the entire structure of the hull against leaks through the hull for as long as you own the boat.

See page 62 for details.

Intelliflex Hull Construction

Flexes and adapts to the water by dissipating energy from waves evenly throughout the hull, eliminating any chance of problem areas developing over time.

Solid Locking Extrusions

Hold each thick hull piece into a solid center for unmatched durability. The center extrusion is over one inch thick providing an extremely solid 1,054 gauge impact zone. This means over 5 times the protection of double plated hulls.

Interlocking Bow Ribs

Overlap the front torsion system, eliminating a common weak point on most other aluminum boats.

Reverse Angled Chines

Are bottom side edges that angle downward to create lift in the back for faster planing and increased stability.

Thick Lifetime Decking

With a Lifetime Warranty against rotting or warping and delamination. A thicker floor with 7 individually treated layers means a stronger boat.

Torsion Beam Energy Transfer System

Provides your boat with necessary flexing, while remaining light and strong.

Injected Level Floatation

Not only will every Legend float even when filled with water, the injected foam creates a solid sub-floor bond that strengthens the boat and provides a silky smooth and quiet ride. Foam is injected halfway up the side-wall for extreme strength. Knock on it and see!

2-Piece Hull with No Side Seams

Eliminates a common weak area that causes side seam leaking on other welded boats.

Exclusive Comfort Ride Deep-V hull

Provides a dry, smooth and comfortable ride each and every time in all conditions provided by our sharply angled bow, deep V and reverse chines.

The NMMA Certified label on a Legend boat is your proof that it meets, and often exceeds, the industry's strictest quality and safety standards.

H34 PerfectFlex

Legend's H34 PerfectFlex aluminum has the perfect balance of strength and flexibility. Although H36 is harder, it is also more brittle. Its strength is reduced by over 80% when stressed during manufacturing or when flexed on the water. In fact, when stressed, H34 PerfectFlex is tested to be more than 2.5 times stronger than H36, making it the ultimate hardness for .100 gauge aluminum boat manufacturing.

Strength Under Pressure (PSI's)

H34 aluminum is tested to be more than 2.5 times stronger than H36, making it the ultimate hardness for aluminum boat manufacturing.

R-Series Construction

R-Series Transferable Warranty

Each R-Series Riveted model has a Lifetime main seam hull warranty and an amazing 10 year warranty on most other hull components.

See page 62 for details.

Side-Facing Rivet Line with Lifetime Warranty

Reduces exposure to side seam stress in comparison to a bottom-facing rivet line.

Full-Length Molded Splash Rail

Deflects water away from the boat interior, providing a dry, comfortable ride. Fishing lines are able to slide along the hull edge smoothly where this rail is riveted on.

Full-Length Deep-V Hull with Squared Chines

Provides a smooth and comfortable ride while keeping the hull stable so you can move around without it feeling tipsy.

Internal Lateral Support Ribs Spaced 9" Apart

Gives you more ribs closer together creating greater support and strength.

Thick Lifetime Decking

With 7 layers, each individually treated, we can offer a Lifetime Warranty against rotting or warping.

Reinforcing Bow Ribs Attached to Transverse Rib

Are reinforced with .100 gauge aluminum that eliminates a common weak area found in the front of most boats.

Lap-Straked Side Walls

Full-length ridges pressed into the sidewall reduce flex and make for a stronger and sturdier boat.

Injected and Level Foam Floatation

Provides a stronger, quieter and safer boat. If filled with water, the boat will not flip or sink, even when loaded to capacity.

Extra-Wide EZ-Grip Gunnel

Makes holding the boat while getting in or out very easy and increases the overall strength of the hull.

3 External Keels

Provide stability, solid cornering and car-bumper-like protection from underwater obstacles.

All-Weather Protection

Everyone should have protection, especially if it extends your season.

Being Canadian, we understand the harsh reality of the Canadian climate. That's why the preferred equipment package for almost every full windshield Legend model [†] includes the industry's toughest, most practical stand-up top, constructed with Legend's ProTech material. You'll be more comfortable, warmer and dryer regardless of what Mother Nature throws your way.

Front Aerodynamically Matched to the Windshield

Reduces wind resistance at high speeds on the water, which increases fuel efficiency and allows for full throttle performance with the top up.

All Snaps Are Installed Through Thick Legend ProTech Material

Our strong material provides a solid fastening point as opposed to plastic, which snaps could tear through easily.

Full Stand-Up Design That Works at Full Speed On the Water

Allows for comfortable upright maneuvering in the boat with no need to take it down even at high speeds on the water.

[†]Full top optional on the 16 XTE model. Never use while trailering. Not for highway use or winter storage.

Extra-wide Double-Zippered walk through with window

The walk-through window opens fully to allow for easy passage and allows visibility even when closed.

Double-Stitched Zippers

Provide lasting quality in areas that receive the most stress.

Pull-A-Dot Snaps

Used in strategic areas, they are a specially designed locking snap that keeps your top securely fastened.

All-Metal Fittings

Unlike plastic fittings, metal ones are less likely to crack, break, or wear out.

Rear Angled Support Bar

Much stronger than a strap, it adds greatly to the overall strength of the top and allows for the top to be stored in an arch out of the way.

Three Bar 7/8\"/>

Our tubing is thicker and therefore stronger than industry standards. A third centre bar keeps the top in an arched formation preventing sag at any speed on the water.

Weather-Resistant Design

Helps to reduce wind and water from entering the boat, keeping you warm and dry.

 **PROTECH**
WIND, RAIN AND SUN PROTECTION.

5+1 Year
Canvas Warranty

Legend ProTech Tear and Mildew-Resistant Synthetic Material

Backed by a 5 year warranty, it is guaranteed not to rot or fade and will resist tearing, even if punctured. Stitching, zippers, seams and other top components are covered for 1 year.

Legend Glide-On Trailers

Quality is the reason we choose Shoreland'r as the exclusive supplier for our Legend custom-matched Glide-On trailers. A high quality trailer means a high quality boating experience from loading and unloading to highway driving.

Space Saving Swing Tongue

This feature reduces storage length as much as 24" making it easier to fit in a garage and helps prevent shin smashing.

ShoreArm'r Paint

Our premier ShoreArm'r Black powder coat paint is a textured matte black coating. It is applied electrostatically and baked on for a chip resistant heavy-duty finish.

Self-Lubricating Bearing Buddies

Automatically injects grease to the bearing resulting in less wear.

Enclosed Custom-Moulded Fenders

Non-corroding and dent-resistant, they protect your boat from road debris and provide a safe, solid step.

Lights With Rear Built-In Step

Reliable, submersible lamp service while the step protects the tail lights and allows access to the boat.

Each Light Has Its Own Power Source and Ground Wire

Keeps your lights bright and working at night, even if one goes out.

Adjustable 2" Ball Safety Coupler with Locking Pin

The coupler easily adjusts for greater hold and the pin prevents release while travelling.

Extra-Long Safety Chains with Locking Clips

Secure safety chains will not tangle or kink like cables. Easily reaches most vehicles and clips prevent unlatching during travel.

Heavy-Duty Nylon Winch Strap

The threaded seam is protected from the elements with a 3' loop that eliminates stress on stitching.

Reverse-Angled Winch Stand with Oversized Rubber Roller

Holds the bow in place during transport preventing unwanted forward movement and safely stops the boat when loading.

Self-Centering Carpeted Bunk Design

Launching and loading are made effortless. The boat loads straight, stops easily and is supported over its full length for even weight distribution. Larger models have quad banks for even more support.

Contoured Padded Cross Members and Lower Axle

The boat sits lower, providing a more stable centre of gravity which allows for launching and loading in shallower water.

5+1 Year

Legend Glide-On
Trailer Warranty

Welded Tubular Steel Frame

Strong, clean construction with less bolts to worry about, plus the tubular design provides protective housing for wiring. This is by far the best frame in the industry, covered by the best warranty; a 5-year frame warranty and 1-year complete tongue to tail light warranty.

XTR SERIES

The water won't know what hit it!

16 XTR SC Sport • 16 XTR • 18 XTR • 18 XTR Troller • 20 XTR Troller

MAXIMUM FISHING

Huge casting decks, massive livewells, all-vinyl floors and enough room for your friends, family and all their gear!

NAVIGATOR CONSOLE

You're armed with a built in Humminbird Helix 5 GPS/fish finder, Bluetooth AM/FM stereo with MP3 port and 2 speakers, a multi-gauge and switches, all illuminated for early morning and late night trips.

18 AND 20 XTR TROLLER FLEXIBLE BIG WATER BACK END

Remove the two rear jump seats to create a safe, comfortable walk-in area for those rough downrigging days on the big water. A 25" Extra-Long transom increases rough water safety.

Shown with optional downriggers

A black and white photograph of a Legend boat, a small motorboat, moving across a body of water. Two people are on board: a man in the driver's seat wearing a life vest and sunglasses, and another person standing in the stern. The boat has "LEGEND" and "1500" written on its side. The background shows a dense line of trees on the shore.

Electric Motors & Accessories

MotorGuide Xi3 wireless trolling motor

with Quick Release bracket and remote, 55 lbs. thrust, 12V, 54" shaft

Fish from anywhere on the boat with the included hand-held wireless control. Best-in-class quiet operation that's up to 40% quieter than the leading competitor. With SecureStep, stowing and deploying the Xi3 is safe and easy. Large release lever triggers both stow and deploy functions from a standing position. Visual and audible cues indicate when the motor is locked in the stowed position. LED status indicators help you monitor four key motor functions at a glance, including battery life. An optional wireless foot pedal is available.

- Handheld Wireless Remote
- Easy to Use Stow and Deploy
- Stealthy Quiet Operation
- Quick Release Bracket Included

\$1,199 # 940700170

With Handheld Wireless Remote

MotorGuide

VesselView Mobile⁺

\$399 plus installation (Approx. 0.5 hours)

Get Connected. Now you can have the power of SmartCraft on your mobile device (iOS or Android) with all the digital data your SmartCraft engine supports! Connect to your engine, and get easy access to maintenance reminders, performance information and diagnostic information. The VesselView Module easily connects to your Mercury outboard.

Key Features

- Connects your Mercury engine (all SmartCraft-capable engines built since 2003 [40 HP and up]) to your iOS® or Android® mobile device via BLE (Bluetooth® Low Energy 4.0).
- See engine data: fuel flow, water temperature, battery voltage, RPM, engine hours.
- Get fault code diagnostic information in clear language so you know what it means, and understand if that fault is something to be addressed when you return back to the dock or it is something more significant.
- Get mapping information and quick access to points of interest such as fuel or restaurants.
- Access the Mercury Dealer Locator and set your Preferred Dealers.
- View handy checklists associated with your boating lifestyle.
- Receive maintenance reminders and keep a maintenance log.
- Supports up to 22 different languages.

8M0115080

*May require optional Data Cable **\$199** and additional labour.

879981T20

Active Trim

\$1,099 plus installation (Approx. 3 hours)

Intuitive, Hands-Free Control. Active Trim is an integrated GPS, speed-based automatic engine trim system from Mercury Marine. This intuitive, hands-free system continually adjusts engine trim based on changes in boat speed to improve performance, fuel economy, and ease of operation. It responds to boat maneuvers with precision and delivers a better overall driving experience. No knowledge of trimming an engine is needed to take advantage of Active Trim.

Key Features

- As the boat accelerates, the engine will trim out.
- As the boat decelerates, e.g. making a turn, the engine will trim in.
- Active Trim can be overridden at any time by using the manual trim buttons.
- Active Trim allows the boat operator to compensate for changes in boat load, driver preferences, and weather conditions while maintaining full automatic control.
- Active Trim is compatible with Mercury FourStroke outboards from 40 hp and up.

Analog Troll Control Kits **\$329** plus installation (Approx. 1.5 hours)

A troll control option for boats with traditional, analog gauges from 40 hp and up. This easy-to-install kit can make controlling the boat/engine speed easy with the push of a button. Adjusts speed by 10 RPM up to 1,000 RPM. Also available without "Y" harness for installations with SmartCraft.

Analog # 8M0083439 Data cable # 879981T20

MINN KOTA *Terrova*

More power. More innovation. More than enough strength and intelligence to tackle any obstacle and put it in its place. With 55 or 80 pounds of thrust, cool quiet power, an indestructible composite shaft and ingenious technologies like AutoPilot and i-Pilot, Terrova breaks the mold, so you can fish without limits.

i-Pilot Wireless GPS Trolling System

The same i-Pilot that lets you lock onto a fishing spot, record and retrace paths, and command speed and steering just got better. Redesigned with a larger LCD screen, more options, and better controls, with dialed in technology that lets you dial in your boat position.

The new i-Pilot system connects via Bluetooth®, allowing for easy software updates to add new features to your system via your smartphone.

Bluetooth® communication allows new i-Pilot to pair with your smartphone, allowing for easy software updates and quick command of speed, steering, Spot-Lock, high speed bypass, and Advanced AutoPilot.

Minn Kota DeckHand 40 Electric Anchor Winch Kit

With quick-release bracket, davit, DeckHand 40 remote switch and 20 lbs river anchor.

Automatically raise and lower your anchor at the touch of a button. DeckHand 40 has a 40-lb anchor capacity. Pre-spooled with 100 feet of 800-lb test nylon rope. Universal davit can be mounted at base of DeckHand or in remote position on boat deck. Davit also stows anchor horizontally to eliminate anchor swing. Anchor shackle allows for quick changes between anchors. A special anti-drag system senses the bottom to allow for controlled drifting.

Extra Quick Release Bracket

On packages with trolling motors, add this extra quick release bracket to your trolling motor to quickly remove it and slide the DeckHand electric anchor into place.

LEGEND
BOATS

*We only print one version of our catalogue for all of Canada. Customers outside of Ontario and Quebec will have a small fee for freight. Visit us at legendboats.com for your local, ALL-IN, No-Fee Price including current promotions and current premium package pricing.

No Fee Setup and Orientation

All of the components of your boat, motor, and trailer package have been specially chosen for compatibility. The professionals at your authorized Legend Dealership will help you select the proper motor and options for your package. They will then prepare your package to ensure proper and worry-free operation.

Side console and full windshield models:

The setup includes the following items: control box, shift cables, starting battery, aluminum propeller, outboard installation and set-up. Your dealer will prepare your package and give you a full orientation to ensure trouble-free boating from day one.

Tiller models and Utility models in packages:

The setup includes the following items: outboard installation and setup, propeller, fuel tank, starting battery on packages with electric start motor or utility boat models with lights or livewells. Your dealer will prepare your package and give you a full orientation to ensure trouble-free boating from day one.

* Freight charges outside of Zone 1 (Ontario and Quebec), licenses, and taxes are extra on all prices. Delivery is available at an additional cost. Payments are calculated with licenses, bank registration charges, and taxes as your downpayment at 5.99% over 1,040 weeks for amounts \$23,000 and higher, 5.99% over 780 weeks for amounts between \$10,000 and \$22,999, and 7.99% over 364 weeks for amounts less than \$10,000 (at time of printing). All financing is OAC. Payments will vary by province. All Choose your power prices are in addition and only available with the purchase of the specific package they are listed with; they are not stand alone motor prices. Towing weights are approximate and are calculated based on a full tank of fuel and 200 pounds for batteries and gear. Speed tests were done with 2 persons, 50 pounds of gear and proper weight distribution. Actual performance may vary. Prices, rates and specifications are subject to change or error. Pictures may show options. Ask for complete details. All illustrations, photographs and specifications in this catalogue are based on the latest product information. See actual boat for complete accuracy. Legend reserves the right to make changes at any time, without notice, in prices, colours, materials, equipment, specifications and models, and to discontinue models or equipment. For information on accessories, contact your local Legend dealer.

Please refer to your provincial laws regarding trailer brakes and ensure that your boat package and tow vehicle comply with the regulations in the provinces you intend to travel in. Brakes may be required in certain circumstances and can be purchased as an option or your trailer model can be upgraded before delivery if brakes are not available on certain trailers. It is your sole responsibility to ensure you comply with all provincial brake requirements for vehicles and also that you always operate your tow vehicle safely. Legend Boats accepts no responsibility with regards to provincial compliance.

At legendboats.com, you'll find a fully-priced electronic version of our catalogue as well as additional pictures and special offers. Always distribute passengers and cargo evenly, wear a PFD and follow the rules for safe boating. Visit: www.tc.gc.ca/boatingsafety

Choose Your Power.

Ask your Legend dealer to help you select the Mercury outboard that best suits your needs from the motor choices below. Use the chart that corresponds with the standard engine packaged with your boat model. Simply add the amount to the standard package price to have the motor that is perfect for you.

XL = Extra Long Shaft
PT = Power Trim and Tilt
CT = Command Thrust

6 YEAR WOWRANTY

A warranty that makes you say wow!

Sure we've always had the industry's best warranties on the structural parts of our boats, like the welds, main riveted seams, pontoon tubes, decks and transoms, but what about everything else in your boat? Well, most companies offer a 1 year warranty on the other stuff and some offer up to three years. Although this is very respectable, we figured we'd double that. Legend's 6 Year WOWranty covers most other components for 6 long years. That gives you a lot of worry-free, quality, memory-makin' time.

*For more details, visit:
www.legendboats.com/wowranty

3 Year **Mercury** Warranty

Every Mercury 4-Stroke outboard is backed by a 3-year standard limited warranty to give you peace of mind. Ask us about Mercury Product Protection to extend your Mercury Factory Warranty for up to 8 years.*

Lifetime **Floor** Warranty

A thicker floor means a stronger boat. With 7 layers, of marine-grade plywood, each individually-treated, we can offer a lifetime warranty against rotting.*

Legend Glide-On **5+1 Year** Trailer Warranty

Every Legend Glide-On trailer by Shoreland'r is backed by a 5-year frame warranty and 1-year complete tongue to tail light warranty.*

Riveted Series **Lifetime** Main Seam Warranty

Each Riveted model has a Lifetime Main Seam Hull Warranty and an amazing 10 year warranty on most other hull components. This industry-leading warranty is transferable, giving the second owner up to 10 years of protection.*

Legend ProTech **5+1 Year** Canvas Warranty

Legend ProTech All-Synthetic Tear and Mildew-Resistant Material is backed by a 5 Year Warranty and guaranteed not to rot or fade for five years. Stitching, zippers, seams and other top components are covered for 1 year.*

All-Welded Series **Leakproof** For Life Warranty

Every Legend All-Welded model carries our exciting and industry-leading Leakproof for Life Warranty. It is remarkably simple. It covers the entire structure of the hull against leaks through the hull for as long as you own the boat. In fact it's the kind of warranty you won't find on any other aluminum boat. Plus it is transferable, giving the second owner up to 10 years of protection.*

Our Story

In 1968, two young friends, Vic Duhamel and Carl Dewar decided to start a business. Over the years, they sold products ranging from tires to RVs before realizing how much they loved helping people onto the water and into the boating lifestyle. There were two big issues that they found. Buying a boat was much too difficult, and there really wasn't a boat designed for the Canadian environment.

In 1986, with the goal of simplifying the ownership experience and offering a boat designed by Canadians and built for Canadians, Legend Boats was born. Vic and Carl started by creating affordable and complete boat, motor and trailer packages. They beefed up their boats with thicker aluminum and made full stand-up tops standard on every full windshield model. They wanted to make sure every Legend boat could handle the rugged Canadian climate while keeping boaters safe and comfortable.

Seven children and fifteen grandchildren later, Legend is proud to have the same owners and same focus on family values as it did over 35 years ago when Vic and Carl decided to dedicate their lives to making it easier and more affordable to get on the water. We can't wait to welcome you to the Legend Family so that you can start creating your memories!
